Referee in the following journals: Accounting, Auditing and Accountability journal, Critical Perspectives on Accounting, European Accounting review, Abacus, British Accounting Review, Spanish Accounting Review, Revista Española de Financiación y Contabilidad, Social and Environmental Accountability Journal.

Guest editor Special Issue Spanish Accounting Review "Social Responsibility Accounting and Reporting in times of 'Sustainability downturn'?" with Mariano Moneva in 2011.

Part B. CV SUMMARY

My research topics are social and environmental accounting and reporting, accounting for sustainability and social responsibility. My research mainly focuses on the study of environmental, sustainability and integrated reporting and management practices from the perspective of the organizational and institutional change. My research is also oriented to the study of problems of our epistemic community adopting a qualitative approach to the inquiry and fostering engagement research. I have had an active role in my research Centre CICSMA pursuing to enhance connections between our centre and CSEAR, a leading Centre for Social and Environmental Accounting Research located in St. Andrews (UK). From the beginning I have tried to develop an international career establishing connections and networking with the purpose of building research capacity that could be transferred to future generations. Publications in international journals like Accounting, Auditing and Accountability Journal, European Accounting Review, Accounting Forum, *Sustainability Accounting, Management and Policy Journal*, *Social and Environmental Accountability Journal* y Accounting Education: An international Journal, have generated an important visibility of the Spanish contribution to research in this area. The following have been instrumental to that aim:

- Pre-Doctoral Fellowship from Consejería de Educación de la Junta de Andalucía, Sheffield University Management School for pre-doctoral stay in the University of Sheffield, Sheffield (Uk), 1.10.1998 – 31.01.1999.
- European Doctorate PHD. External examiners Prof. Chris Humprey (Manchester University) y Prof. Anders Grónlund (Stockholm University School of Business).
- Post-Doctoral Fellowship from the European AHRECAS project, Dipartimento di Economia e Direzione Aziendale de la Università Ca' Foscari di Venecia (Italia), 1/10/2001-30/12/2001.
- Grant for participating in Euroconference project: Managerial Accounting in Europe: Engaging Research and Practice. EIASM and Training and mobility of researchers-European Commission-Human Potential 1997-1999.
